

# California Industrial

**Arteche** - CTs and PTs up to 69kV. Med Volt Sensors and Aux Relays. Cap Banks and Harmonic Filters.

**Brametal** - Planning, designing, engineering, and manufacturing lattice & metal structures.

**Coastal Power Systems** - Testing, preventative maintenance, switchgear, equipment, and protection relay retrofit service.

**GridCraft** - Design and fabrication of customized utility products.

**INDT** - Early Fault Detection systems to pinpoint faults in high-volt power systems.

**inoLECT** - Remote Racking Solutions, Capacitors, and Harmonic Filter Banks.

**JST Power** - MV Switch Gear, Unit Substations, and MV Outdoor Station Breakers.

**Micatu** - Advanced Optical Solutions Measuring Volt, Current, and Temp.

**NewBasis** - Fiberglass and Below Grade Polymer Concrete Secondary Enclosures.

**Powell** - Power Equipment Distribution and control buildings, MV/LV AIS & AR Switchgear, PowerVAC, MV/LV Motor Control, Bus Duct & Cable Bus, and Breakers.

**Tavrida Electric** - Vacuum Circuit Breakers & Automatic Circuit Reclosers 15.5-38kV.

**Virginia Transformer** - Transformers - Power, GSU, Auto, Grounding, Padmount, BESS
